

BEING A MEMBER of the AARC Is a Win-Win-Win-Win Situation!

AARC members and their patients advocate in the state legislatures and on Capitol Hill. AARC represents RTs to a variety of agencies and coalitions.

AARC members have access to free continuing education, enough to meet all of your continuing education requirements.

Patients are at the heart of everything we all do. You make a difference to every patient you work with, and when we work together, the impact is exponential.

AARC state societies provide local networking, education and advocacy. You have the chance to volunteer in your state society, which helps you meet people, make connections and give back to your community with a group that understands the demands of your work. Your state society has a board of volunteers who speak on your behalf at the national level, helping to shape the future of the profession and the AARC.

AARC members share knowledge, tools and contacts with each other.

If you aren't a member yet, go to www.aarc.org and click on Join/Renew.
